.....

.....

Please list other professionals that have been involved/are involved in your child’s learning and development e.g. Speech and Language Therapist

.....

.....

NEW – 30 hours per week term-time free child care:

All 3 and 4 year olds are entitled to 570 hours (15 hours a week) of free government-funded childcare per year. However, **from September 2017**, children of working parents will be entitled to an additional 570 hours per year (ie. 1140 hours of free childcare per year or 30 hours of free childcare per week).

Please see below if you are entitled to 30 hours a week free funding and tick below if you think your child is eligible

I believe my child is eligible for 30 hours a week free government-funded childcare

Criteria for 30 hours per week term-time free child care:

- Both parents must be in work and for single parent families, the sole parent must be in work.
- “In work” is defined as being in employment (including self-employed) and earning more than the equivalent of the minimum wage for working 16 hours a week. Including those receiving tax credits or Universal Credit. As an example, the current minimum wage is £8.72 per hour for over 25s, so the minimum weekly income to be eligible would be £8.72 x 16 = £139.52.
- Each parent must also earn less than £100,000 per year.
- One parent must be “in work” if the other receives disability benefit or benefits related to caring responsibilities.

For advertising purposes, could you please indicate how you heard about the Nursery
