Welcome to Gloucester Nursery

I want to wish everyone a warm welcome to the start of the new school year at Gloucester Nursery school. It has been lovely welcoming both new and returning families back to the Nursery. We hope that you all had a wonderful restful summer – the staff have enjoyed hearing about your adventures and seeing any pictures you have shared on tapestry. At the start of the term children always take a while to settle, to get to know the new staff and learn the routines. There will often be tears - but our staff teams are highly experienced in supporting you and your child in settling in. Please also be reassured that we will always call you if your child remains upset or distressed.

In the first few weeks we spend time teaching the children the routines of the nursery and how they can become more independent in these routines. We teach them how to explore the nursery and equipment. They will be building a relationship with their key person – and learning how to keep safe at nursery. They will begin to develop friendships and learn to share and deal with any setbacks they have supported by the experienced adults.
