

# **Green Crocodile group at Forest School**

## **Weeks 2 2015**

Come and  
share our  
adventure!

# The Giant's bed.

Today we visited the Giant's bed. He had gone out, so we could have great fun playing on it.

Reece thought that it would be a good idea to sing the song, 'Monkeys on the bed.' The bed was very bouncy and we kept falling off! When Reece jumped off, Kerry said that there were nine monkeys left. Reece said, "Was I ten?"

*We are like monkeys jumping on the bed and frogs.*

Harley thought that jumping on the bed was like...

*Jumping in muddy puddles.*

# Getting on and off...

Getting up was tricky until Yaseen had a great idea.

Sometimes a gentle push was also needed!

Getting off was easy.

# Today we walked by...

Reece thought that 10,000 could fit into this hole.

The rings in a tree can tell you how old it is. Andrew and Charlie tried to count them, "1, 2, 3, 4, 5, 6, 7, 8, 9, 10."

Moles...

Dig, dig, dig!  
Reece

Jayden thought that the trees in the shade felt, "Cold, like ice."

It looks like a jungle.  
Keerat

Ellis spotted this water and said...

We've found a hidden lake!  
Ava

Ducks and frogs could live in that water!

You have to sit on a boat, so the sharks won't get us!  
Jayden

We've found another crocodile!  
Ava

I can see a holly bush.  
Lyra

We always see something new, every time that we walk through.

# Trees, trees and more trees!

The forest is full of trees of all different colours, shapes and sizes. When we walk to Forest School we all follow in a long line. Harley thinks that this is like a, "Choo, choo track."

If you look really carefully on the trees you can find holes and...

*I found a teenie,  
tiny snail.  
Lyra*

## A tree is great for...

*We are friends.*

...having a rest and a chat with a friend.

...balancing and climbing. We were very high today.

*Look! I'm on top!*

...climbing in and out of.

*It's a big hole -  
elephants no, tigers,  
no!  
Andrew*

...Seeing what you can find.

# Try, try and try again!

We are all getting very good at helping one another and always remember to encourage our friends. We can do whatever we set our minds to. Look how high some of us can climb!

# Bubbles!

Sticks from the Elder tree are perfect for blowing bubbles. Dip the tube gently into the mixture and then blow through the end. It's quite tricky though!

We taught Julia a song about a tiny turtle who likes bubbles.

Keiran noticed a rainbow in the bubble and told us that...

*The world is like a rainbow.*

Junior, Zhe and Kym really enjoyed saying, "Dip, dip, dipety, dip!"

# Shadows and more holes.

*I'm making hole bigger with sticks.*

*It's a rabbit hole. It's a burrow. The holes lead into tunnels.*

**Today was very sunny and we noticed that things look different when the sun is shining on them.**

*The sun is shining on my shoe.*  
**Keiran**

**Yaseen was very interested in the shadows that he noticed and said...**

*Look, I see my shadow in the forest.*

*Oh no! Where is it?*

**Adam started to use a stone to make the hole even bigger.**

# What can it be?

*Does my stick  
look like a snake?*

**A green woodpecker  
always talks to us  
when we are in the  
forest. We watched  
as one of our friends  
showed us how a  
woodpecker uses its  
beak to make holes  
in the trees.**

*I found a dandelion.  
It's got yellow petals.  
It looks like the sun.*

# How do you climb over a stile?

*Slowly, Slowly!*  
**Jayden**

*This way!*

**Over**

*That's the  
right path!  
Yaseen*

**Under**

Our confidence continues to grow and we are getting really good at taking turns.

Harley was saddened by the rubbish that he saw and wanted to help to clear it all up!

What new adventures will next week have in store for us?
