

Yellow Duck group at Forest School

June 23rd 2015

Come and
share our
adventure!

On our way....

Today we made another visit to the Giant's bed. The giant was out again, so we could all have great fun playing on it. The bed was very high and Harrison showed us how to be careful as he peeped over the edge to see what was below.

We can go on the giant's bed, when he's not there. We could hide from him if he comes back!

Solomon, Evelyn and Teigan climbed on the 'bed' all by themselves. Teigan also found her own way to get back down again.

Back over the stile. You have to be good at balancing!

Forest School,
Forest School,
let us in please!

Walk through the Forest and keep an eye out for the Fire Circle.

The Fire Circle

We had some of our own ideas about the purpose of the fire circle. Lucy reminded us all that we have to walk around the circle because...

STOP FIRE!

*We might
burn ourselves!*

**We need to keep away
from the fire circle.**

Reuben thought the campfire was for Goldilocks to make some porridge.

We sit round the 'fire circle' and collect our name badges.

Exploring...

Damo and Reuben thought the hole looked interesting and decided to find out more.

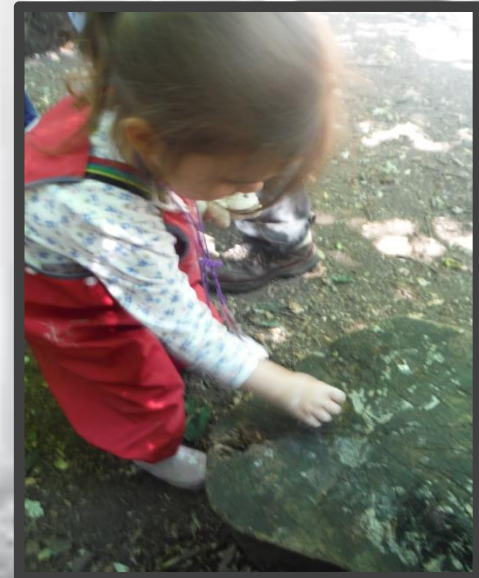

Harry said that he was like Iron Man and did a giant leap over the hole.

Some of us really enjoyed feeling the branches, mud and leaves.

Look carefully and you can find lots of interesting things.

Logs...

Today we tried to see how many different ways we could use the logs. We all enjoyed balancing and climbing.

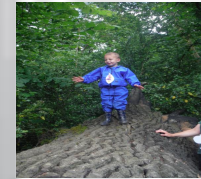

Solomon stood on the giant log and said...

I'm the king of the castle!

for climbing

for resting

for balancing

Holes, holes and more holes!

Teddy looked into the rabbit hole.

Some were deep.

We were very, very, VERY interested in all the holes that we found all over the Forest.

It looks like a smile.

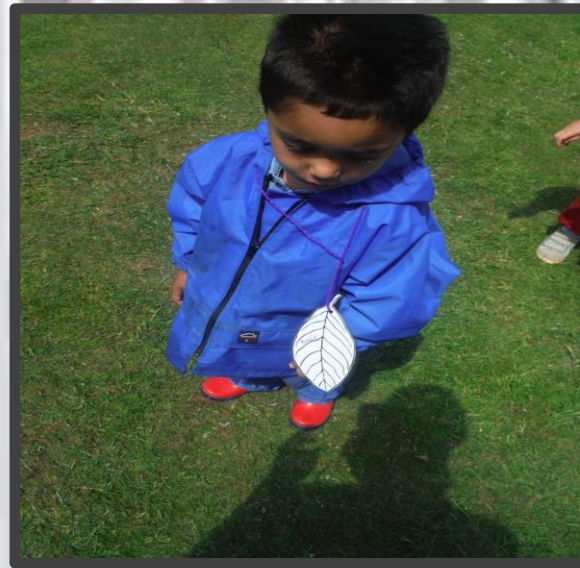

Bubbles!

We had another go at blowing some bubbles. If you looked carefully they were full of tiny rainbows

Flowers

We decorated our leaves with lots of different flowers. The plastic was very sticky!

Some of us found dandelions and there were daisies all over the place!

Where's Teddy?

We found lots of lost teddies.

WE'RE GOING ON
A BEAR HUNT

Some of us were really excited
when we found them.

Hooray!

Time for a rest

We made ourselves comfy and had some snack. Hot chocolate and biscuits are perfect after a busy time exploring. Teddy and Dexter really needed a rest after all their racing up and down slopes and finding lots of new pathways between the trees.

We all needed a rest after climbing up onto a high tree stump.

**What new
adventures
will next week
have in store
for us?**

**Who knows, but we are
looking forward to it!**
